Hi Claudia – I made my case to Rick V. (and his management), but so far have not persuaded him. He's going to evaluate it along with the rest of the document when it comes through in concurrence. So, while I'd be happiest if we changed it to "and" and sent it on, I'll understand if you'd rather leave it as "or" for now; we can address the question with OGC later during their review.

All,

We only have a few outstanding comments from ORC and OPRA left to address. A clean version has been sent to the RA's office for review. The version on the Sharepoint site still contains those outstanding comments. We are hoping we can get closure on those outstanding comments by the time the RA review is complete and before we transmit the package to HQ. We would appreciate it if you all could look at

the document on Sharepoint and help address any remaining comments as appropriate (please remember to Edit in Word). Specifically:

- ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ **Kim/Kimi** – there are a couple Indian law comments on pages 8 and 86 that we need closure on. Please read the comment bubbles carefully and assist us in drafting language that would respond, or indicate in the comment bubbles that the language is fine as is.

- ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ **Air Program Team (and Cindy)** – We still need to discuss Darcy's comment on page 36. Please add any thoughts in the comments.
